

FINANCIAL SUPPORT AVAILABLE

At Hume, we recognise that managing money can be worrying. To assist our customers, we've put together some tips on budgeting and information on services that can assist.

Budgeting

Making a budget will help you gain control over your finances. The best way to get control of your money is to work out how much money is coming into the household weekly, then work out how much money is being spent weekly or fortnightly. By doing this, you can see what you need to do to make sure you don't spend more money than you have.

Financial Counselling

Financial counselling is a free and confidential service offered by community organisations, legal centres, and some government agencies. Financial counsellors guide you through your options and can do the following:

- Suggest ways to improve your financial situation
- See if you're eligible for government support
- Talk to your creditors about repayment arrangements
- Help you apply for a hardship variation
- Explain the risks of bankruptcy and debt agreements
- Refer you to other services, such as a gambling hotline or legal aid
